Dear brothers and sisters,

With joy I have seen that the venerable monks in America have followed exactly this path to salvation and redemption outlined by Jesus Christ, the path of grace, light, and truth. Already two years ago, this path of our Almighty was inspired through His workers in visions and dreams; we call it 'spirit-to-spirit' communication with the Holy Spirit, as it is written and taught. But not only this, for the solar eclipses of 2017, 2024, 2027, and 2034 speak of the ways of Jesus Christ. The Menorah lampstand to the Promised Land, just as the shell of Saint James speaks of the paths that have been preserved to this day, and also Saint Mary Magdalene, on the delicate pastries made in her honor, the Madeleines, records the paths as tradition. These paths, which the saints traveled long ago, were undertaken out of love to bring peace to the Earth, who, as they themselves have noticed, is in such great need. This peace belongs to God the Creator alone. Even Buddha, a disciple from the tribe of 'Israel,' and his fruits have served until today to lead people to Him, as we can clearly see. A valuable lesson for everyone in attaining spirituality, a living testimony to receive the peace, attentiveness, and serenity of a saint. A disciple or apostle like Christ.

The appearance of Jesus Christ as the prophesied Spirit of Truth in the years 1866–1950 truly speaks volumes about His truth, His judgment, and now also His ways, which He has inspired and directed through His workers since the year 2023. Many inspired from the heart, who were open-hearted and heard His call, have traced these paths across '7 countries' of this Earth. The 7 countries: Japan, Italy, France, Russia, Germany, England, and also America. From these countries, the Saint Spirit has left us prophecies of the future. With the end of the revelation in 1950, when His chosen and marked people were restored (Ezekiel), many incarnations (reincarnations) are now on Earth but also in the spiritual realm at this time in their tasks; the earthly ones are becoming more conscious and are now waking up to fulfill the mission they had received spiritually from Him.

Now the Holy Spirit has given us the indication that

- in America everything would begin - fulfilled
- from Mexico, the star will give its light to the world, but
- Germany received a special greeting to mark the paths and holy places - fulfilled.

This results from the fact that these mentioned countries bear the consequences of the world wars and, through this, will take on the spiritual guidance of the paths to the East for the salvation of people from the West. Germany, at the center of the events of that time, thus stands at the forefront of the restoration of peace. Everything has a well-understood reason. These paths of grace are reserved for people who know how to spiritualize themselves through the books of True Life and are willing to follow the path of their calling to grace.

All those who commit themselves to the great work of God's salvation and are able to entrust themselves to the obedience as well as the guidance of Jesus Christ therefore bear a great responsibility as a living testimony today on the way to the Promised Land, the land that is to be physically traversed but spiritually conquered. This is spoken of by the Gate, Jesus Christ, for the

virgins with oil (anointing by the Apostle). Today, through the grace and mercy of God, we know where the former Jerusalem is located, thanks to Zerubbabel where Mount Sinai is located, thanks to Moses where the home of Jesus Christ, Mary, and Joseph for 30 years, Nazareth, is located, and where Capernaum is located, thanks to Jesus Christ the true crossing of the people Israel over the Red Sea is. The graves of Abraham, Isaac, and Joseph, as well as Joseph from Egypt, are located there. We are called to these holy places!

We know where the people went after crossing the Red Sea; we are aware of the holy places of the Bible, as well as the forefathers, elders, and apostles. When this wealth of the spirit is genuinely embraced with a sincere heart, it leads to the words of Jesus Christ to the Holy Father, the 12 books of True Life, and the compendium of them as the Third Testament, leaving nothing hidden and revealing all secrets.

Now prophecy and inspirations from spirit to spirit are linked with natural phenomena; with solar eclipses and phenomena such as the greening of the Arabian Peninsula, where once the true city of the Holy Spirit stood. All revelations are based on the knowledge and truth of these books, which open the human spirit to the Holy Spirit and uncover an enormous spiritual wealth. Now the holy monks have walked the path, which originally leads from New Jersey to Texas and then to Monterrey, Mexico, in great completion and according to the will of the Holy Spirit of Almighty Power, as a great testimony for humanity.

The revelations of God, the Holy Spirit, also included guidance on the necessary accompaniment of animals—namely, on the western path in Bosnia and Herzegovina, where a brother from Switzerland is already active, preparing street dogs lovingly to take them along. Now the image of Aloka confirms the path drawn by our Father and Holy Jesus Christ. Alongside the paths, the communities from the Revelation of John have also revealed themselves on the journeys, as well as the three temple courtyards in the north, Antioch on the Orontes (today Antakya) in the east, Bushehr, and in the west, seven strips of dry land will give the New Disciples the possibility to walk across the Red Sea.

As proof of God's omnipotence and the correctness of these messages. This is in the area between Marsa Alam and St. John Island – Egypt. Since the paths have been revealed in great visions and dreams by the Holy Spirit since 2023, the work is now finished in the sense that everyone has fulfilled their task according to God's will. The appearance of the monks today comes with the parallel clarity that now everyone will walk their individual path of grace, going out into the world, as it is written, to bring the light of enlightenment and the scriptures everywhere. Where there is falsehood, truth will take its place; where the righteous need to be justified, this will happen.

All that was once sacred will rise, also in incarnation, just as Nicodemus exists in Meteora in Greece. For these paths are not new, no, they are not born of imagination, no, they are made known through the light of the Age of Light, which we have been experiencing intensely since 1866. These paths of the prefigurations of Jesus Christ are those that, in truth, all saints, elders, and righteous people have walked to bring peace to the world (God). This has been marked for eons of time through love, which is indestructible and today allows people access to the Promised Land, which means, spiritualized through working in God's work. Equipped with the love, power, and strength of His words from the Holy Spirit, the books of True Life.

A renewed coming and appearance, when heaven folded into the scroll and the stars fell from heaven, the saints were also present at the revelation, as in Monterrey with Apostle Paul, as attested by the handed-down writings.

Now it is time to bring the message from Mexico out into the world; it is the will of God, and so it is written. The paths are prepared, everything is in place for the ways of salvation and redemption. It is time for people to turn to the courts for the wedding feast with this spiritual nourishment in order to gain their admission, for here the first ones have already been admitted as living testimony and bear witness to this. Thus, the star from Mexico is our hope, for from Germany, which God explicitly greeted, the task has been accomplished.

Now America has shown the example of the paths through the monks, and now Mexico must be awakened from its sleep to bring into the world what is the foundation of all these books that have been left to us in several languages. The path God has laid out for the salvation and redemption of humanity from the chains of this world into the land of promise.

Many people still need spiritual protection; many will set out to proclaim the light, and yes, it is necessary, because whoever is under the almighty protection, through the deepest connection to the

Holy Spirit and true love, whoever has left the world behind, will on Sinai, on 'Mount Sinai,' see God face to face, and all those who appear on Earth in a magnificent manifestation—what will happen to them? Victory! With whom? Jesus Christ, with the chosen, the faithful, and the called, His new disciples of this time!

So I ask you, in the name of the Holy Spirit, to fulfill your mission and follow the true path, which as a worker in the magnificent work of God will lift your soul to the Promised Land and allow you to witness it. The time has now come to call on people to study these writings of the Spirit and to set out on the path.

Meanwhile, both Iran has been informed of the extraordinary importance of the 'Third Testament,' translated it, and found its workers there. For it is written that Jesus Christ will appear in a white robe soaked in red blood and will say; there is no one to help me. Thus, with tremendous strength and even greater influence of our sanctified Father, we have been able to introduce the scripture there, in a country that rejects Christians, to prepare for the coming of Jesus Christ. This is only possible with the guidance of the Holy Spirit. Likewise, Africa, with the Rivers congregation in Port Harcourt, Nigeria, has knowledge of the Third Testament. For there too, miracles performed by God are spoken of. In this way, the distress there is alleviated. For wherever the Spirit of God is established, the adversary has no power.

I would like you to take note of this: it is not humans who do this, God alone does all of this. He prepared His people, He disciplined them, He taught them, and He has led them until today and beyond. So please, take note that it is true and that it is God's work alone, not that of humans, churches, or rulers. It is His time for the birth of the Spirit upon all spirits of this Earth, who will see Him and rise, whether the matter of the body wishes to understand it or not, it will happen. For this alone is salvation; spiritualization, healing, returning to the origin, the true human, recovering what we have essentially forgotten.

You can find the route indications at the following website address for all countries, the contacts, contributors, and trailblazers. Now all that is needed are true leaders of the paths, and we have recognized this in America; thus God wants it to serve as a 'living testimony for all people' from coming need and distress from west to east. Thank you Bhikku Pannakara and all participating monks for this wonderful living testimony for us.

Now I myself will be on my individual path next week, having fulfilled my task for 3 years to serve humanity. Every country has its significance, and thus Germany is the 3-year missionary work of Jesus Christ, which has been accomplished. You now, America, are the crucifixion of Jesus Christ, and Mexico is the star of the promise and the light to the whole world. Now it is time to travel the path on foot, following the example of the monks, but it will be said;

"The way of Jesus Christ," the way of love that leads to the Father; For I am the way, I am the truth, and I lead to LIFE, which is only one, who breathes life into all things; God the Father, Holy Spirit, Jesus Christ. I greet the monks and thank them from the heart and deeply for this insight and message, and I also thank the American Buddhist Fellowship for the extremely important message in their video as a call to follow the individual path along the one laid out for holiness. Please forward the message to Bhikku Pannakara so that we can express our thanks to him, and take the PDF in English for free download from the website; <https://www.buchdeswahrenlebens.com>

Please check for yourselves, for it is GOD'S WORD for humanity, promised 2000 years ago.

I send you another, a Spirit of Truth, who will explain everything to you. So it is!

I will send a copy of this letter to Mexico, as a loving call to follow the place of the apparition of the phenomenon of the Saints for 84 years, in the hope that your light may ignite and their remembrance of their covenant with the Holy Spirit gives them the strength to radiate their light through the Holy Spirit into the world.

Your sister in spirit...

beyond any religion, any race, any worldview, we are united in the spirit of true love.

Karina Acrita from Germany, Your Ambassador of the Holy Spirit

P.S.: Please heed this call from afar and urge people to follow the path of true love, which leads to true peace!
