

# "The Third Testament," the Holy Spirit of the promise in this book!

**YWAM Youth-with-A-Mission; Federal Secretariat  
P.O. Box 10512  
Port Harcourt**

**500001, Rivers  
Afrika - Nigeria**

**Dear congregation in Rivers,**

The main thing is to continue the work that “Paul” began when he was inspired to establish a Christian congregation among you, to fulfill its purpose so that all people in Africa will hear that you, dear congregation, are under the guidance of the true “Holy Spirit”!

Through the upcoming wars and Islamic terrorism, but also through cataclysms that will divide Africa, you will not be left alone by the One in whom you believe with all your heart: “Jesus Christ”! His uplifting word of the Holy Spirit has reached us in the West, the prophesied “Spirit of Truth” from the Second Testament. Ascended into heaven, we now receive the explanatory words before his final descent, so that we may draw closer to him. His love, which you will drink from, will truly connect you with the spirit of the Holy Father, so that every good thought, every request, every protection will be yours in times of need. These are not just mere words; I too have experienced all this and many more miracles since I found this treasure in the “Word” in 2018. It is the Book of Life! There are 12 of them, and the Third Testament is a compendium of them.

*As Jesus Christ looks upon Africa with foresight and love, I would like to send you today a rare copy in English that was in my possession. My greatest request is that it be translated into your language, Igbo.*

Once upon a time, on the coast of Nigeria it was common practice to sell slaves from the centre to the West, thus enriching brothers at the expense of brothers. Today, brothers will rescue their brothers and sisters from impending distress. This is the justice of God, which is why He, the Foreseer, chose Nigeria, specifically Port Harcourt and its community, and so the Holy Spirit began His great work of salvation in Africa through “Paul,” which we are to continue today. Many will come and hope that you can share with them the true “Spirit of Truth,” which is written in letters of love in this book for the material eye. Put your heart into it and you will reap much knowledge.

Also, that God, the Holy Spirit, will protect those who love His truth and watch over them in war, invasion, and natural disasters through the combined power of His divinity with the spirit of the exalted souls in His Word.

It is you whom God calls to prepare yourselves. He sent my attention to you to act in His will. For Burkina Faso, your neighbor, has already proclaimed the truth through Traore, and evil is preparing for battle. For it is written: That everyone who opposes evil will be challenged to battle. Therefore, a battle is inevitable, physically, but above all spiritually, and this will prevail, as it is written (Revelation of John – Jesus Christ with the chosen, the called, and the believers).

The time is drawing nearer, and we do not know when exactly God will call us to action, but it is foreseen and prophesied that there will be a reception camp over which God will watch with His protective arm.

Therefore, connect with the true spirit of His Word, which is hidden from the world. This is the Father, the Love, the Divine Breath, the Fullness of the Fruit. We will be led by Jesus Christ until all reach the gate of Zion (spiritually). All souls will be saved; this is the Divine Promise.

Many reparations and atonements will be made in order to lift our souls into the land that was promised to us. We are already in the “Day of the Lord,” divine judgment is already taking place. We await the final presence of Jesus Christ in Bazrah, but we, as His disciples, are also called upon to participate of our own free will and to act!

I ask you today to heed this call, not to let it pass, which the Holy Spirit prompted Me to make after He allowed Me to see. And so I ask you from my heart to equip yourselves with this scripture in times of opportunity, so that you may possess the true armor of God, which is represented by the spiritual world of light, the elders and apostles, which can only take hold of your spirit through your free will, through the elevation of your soul and spiritual preparation.

With great love from the West, we too are preparing ourselves, the calls from the Promised Land in Canaan are growing louder, and the longing and love of our God is already drawing the first people to leave. Their camp at the site of their congregation will be the crossroads for those who doubt the ancient experience, leading them across the Atlantic (Mormon, another witnesses of Jesus Christ) to South America, but the believers to St. John Island, Zabargad on the Red Sea, the passage to the Promised Land in the glory of New Jerusalem.

When Africa splits and the earth on this continent opens up two routes, west and east, know that it will be time to welcome your brothers and sisters in faith. Give your best in the service of the Lord to participate in His work of salvation and redemption; it is the greatest refinement of your heart.

Let us fight separately but in spiritual unity for the good, Jehovah, Jesus Christ, the Holy Spirit, one God of all hearts...
